# MOBILE FREEDOM. ALSO FOR YOUR BIKES.

The freedom to reach any place at any time is as natural for a campervan as having a place to sleep. Thanks to TRIGO-VAN, you can now enjoy this freedom even more when you have bicycles with you. Instead of time-consumingly blocking access to the interior, they are out of the way in no time with TRIGO-VAN. Even when loaded with three heavy e-bikes, TRIGO-VAN still allows free access to the interior. Wherever your next journey may take you, taking your bikes along has never been more comfortable.

## AT A GLANCE

### I Innovative operating concept

- I Ergonomic design
- I Effortless swiveling of the loaded carrier
- I Light carrier with automatic folding function
- I Automatically locks: ensured by the newly developed locking mechanism
- I Swivel function with stop protection for the right door
- I Always free access to the rear doors, even when loaded, thanks to a 100-degree opening angle
- I Foldable carrier with fixation option

### I Tested Quality

- I Designed, developed, and tested according to industrial quality standards
- I Made from high-quality materials
- I Special and long-standing expertise in the field of load carriers
- I Produced in Germany

### I 80 kg load capacity for up to 3 e-bikes, bicycles, or fat bikes

### I Approx. 50 kg weight

### I Suitable for campervans from Fiat, Peugeot, and Citroën

### I Optional or existing trailer hitch can be used with the carrier folded up
